

#### Task 1

Now Add Voting System on the post. (one user can have only one vote either upvote or down vote. The user can change his vote which will change the votes count accordingly) When the user press a vote button, that vote button changes it's color to blue. All Roles have the rights to vote on the discussion.

#### Task 2

Add commenting system as seen in the picture. All the Roles have the rights to comment on the post. One user can Comment multiple times.

#### Task 3

The owner of the comment can edit or delete the comment.

#### Task 4

The owner of the Post can edit or delete the Post.

#### Task 5

The posts are sorted based on the votes on the posts (More Upvotes will be on the top). If 2 posts have same amount of upvotes, then the latest post will be on the top.
