

Develop a signup and sign in mechanism as follows:

1) There should be a default super user (instructor) who can create instructors accounts.

## Create Instructor Account

Full Name

---

User Name

---

Email

---

Password

Already a member? [Log In](#)

**Create**

If an error occurs when filling a form, a message will  
show here.

2) Candidates can register themselves for this platform.

Member Signup Form

# Sign Up

**Sign up**

If an error occurs when filling a form, a message will show here.

3) There should be login page where users (Instructors and Candidates) can log into the platform.

# Sign in

or [create an account](#)

☒ Remember me

Sign in

4) The landing page should have the list of posts created by the Instructors.

5) Instructor can create a new post for announcement or initiating a discussion on a topic.
